ARTICLE 1. To see if the Town will vote to amend the General By-Laws to add the following article.

Discontinuance Permits

Section 1. Scope

This article will apply to all mobile home parks or other accommodations for mobile homes within the Town of Chelmsford.

Section 2. Definitions

All terms used in this article will be defined in accordance with the definitions of such terms in the Massachusetts General Laws, c. 140. In addition, the following terms will have the following meanings:

a) "Discontinuance" will mean any change, in whole or in part, in the use of land currently owned and licensed as a mobile home park for which a two year notice, pursuant to Massachusetts General Laws c. 140, sec. 32L(B) is required. The term includes, but is not limited to and conversion of the mobile home park, in whole or in part, to a condominium or cooperative corporation.

For the purposes of this By-law, if a mobile home park owner requests certificates of eviction for more than five (5%) percent of the mobile home owners within his park within any thirty (30) day period, other than for non-payment of rent or other violation of park rules, then it will be presumed that the mobile home park owner seeks to discontinue the use of each such lot as a mobile home site. Any mobile home park owner may rebut this presumption by clear and convincing evidence to the contrary.

b) "Alternative sites" will mean any site for a mobile home park, other than a current site, in Eastern Massachusetts, within 50 miles of the current site, situate in a community of comparable size and make up, for which any mobile home park fees are not greater than 110% of the fees charged or assessed at the current site.

(15)

c) "Board" will mean the Board of Health for the Town of Chelmsford.

d) "Person" will mean any individual, partnership, joint venturers, corporation, or trust, as fits the context.

It will be unlawful for any person to discontinue the use of all or any part of a mobile home park or the land currently used for a mobile home park without first having obtained from the Board a permit of discontinuance as hereinafter provided.

Section 4. Procedure for Obtaining Discontinuance Permit

a) Any person seeking to obtain a permit for discontinuance as required under Section 3 of this article must request such a permit in writing from the Board.

b) Any request made pursuant to Section 4(a) above may be filed at any time following the giving of the two year notice as required by Massachusetts General Laws, c. 140, sec. 32L (8).

c) Within six (6) months, but no sooner than thirty (30) days, after receiving a written request, the board will hold a public hearing concerning the written request.

d) Upon receipt of any request for a discontinuance permit, the Board will cause notice to be mailed to all mobile home owners at the mobile home park affected by the request at least fifteen (15) days prior to the date scheduled for the hearing. Section 5. Granting of Permit Mandatory Provided Certain Conditions Met

a) At such public hearing, the Board must hear from any mobile home owner at the mobile home park affected by the request. Following any such testimony, the Board must grant the discontinuance permit, provided the person requesting the permit has demonstrated to the satisfaction of the majority of the Board that:

a) Any person seeking to obtain a permit for discontinuance as required under Section 3 of this article must request such a permit in writing from the Board.

b) Any request made pursuant to Section 4(a) above may be filed at any time following the giving of the two year notice as required by Massachusetts General Laws, c. 140, sec. 32L (6).

b) Any request for a permit must be denied if:

i) the permit is not granted within six (6) months of the request for permit;

or

ii) at the public hearing at which the Board considers the request, the person requesting the permit fails to demonstrate to a majority of the Board that the conditions for the granting of a permit, as stated in section 5 a) above, have been satisfied.

Dear Betty:

I would like the annotation of the close of business at that February Special Town Meeting to be as follows:

"The Special Town Meeting was scheduled to begin at 7:30 p.m. at the McCarthy Middle School Auditorium. The By-Law requires 300 voters present for a quorum in order to conduct a Special Town Meeting; there were only 79 voters present. At 8:00 p.m., after consultation with town counsel, the Moderator explained that in a situation where insufficient voters who were present for a Special Town Meeting that the Moderator could entertain a motion for adjournment to a specific time or dissolve the meeting. Because of a possibility that some interested parties would not be properly notified of a continuation of this meeting and because there was still time to re-petition and schedule this special for inclusion in the annual town meeting, thereby minimizing the expense of the special meeting, the moderator declared that the meeting should be dissolved."

UNDER ARTICLE 3 Selectman Blomgren explained to the Town Meeting Body that due to certain union contract negotiations being completed (the Highway Department and Cemetery Department and the Town Hall Clerical Unions) the salary line items under certain departments were reflecting the increases negotiated. He also presented a list of the benefits that were negotiated, uniform allowances, increase in vacation time, increase in holiday time off, and funeral leave. Elizabeth Marshall of the Finance Committee recommended the increases. She said that once the voters approved the percentage requested by the other unions, and Personnel Board, it wouldn't be fair not support the increases asked by the Clerical Union. A professional negotiator was used from start to finish during the contract discussions and the Board of Selectmen explained everything to the Finance Committee's satisfaction. And that the Board of Selectmen recognized the value of having the various contracts terminated at the same time. We should expect and insist that the next round of negotiations should be based on the cost of living increases or changes and available funds,rather then on what the last union got.

The Moderator explained that the budget is set up in the warrant books by individual departments and that is the way they will be addressed for discussion purposes. He will read the name of the department, the total department request, in some circumstances he'll break it done to show the funding arrangements, any questions and discussion will be done at that time, then the Moderator will go on and read the next department's information. No individual department vote will take place. The final vote will be take at the conclusion of article three, where the total amount that must be raised and appropriated will be stated and voted on.

Michael Enwright moved to take the School Department's budget out of order. The Finance Committee was against the motion. The Moderator asked for a voice vote, motion defeated.

Elizabeth Marshall explained the Finance Committee's position on the departmental budgets. The Town had $35,639,484.00 in available funds. She said that if the departmental budgets including the adjustments made under the salaries due to union contract settlements as presented passes, with the recommended figure of $35,129,920.00, along with all of the proposed warrant articles including the Special Town Meeting scheduled for May 11th passes, would total of $488,927.00, it would leave a total of $20,637.00 in free cash.

The Moderator read the Selectmen's Department budget and then the Accounting Department's where a discussion took place concerning the increase of salaries and the percentage given. It was explained that due to the contract negotiations and the Personnel Board's recommendation there will be an increase in certain salary line items. Under the Treasurer/Collector's Department the Treasurer explained the salary increase in his budget. He said that certain positions in his department were increased more than 7%. He stated that he also cut his salary account by dropping his money requested for seasonal help. Which meant that the staff would pick up compensation time by working extra hours required to prepare the tax bills for mailing. As of July 1st his office will be closed on Wednesdays to the public and that is when the staff will be expected to use their earned time off, and there will be no more Monday evening hours during the months of September thru May. The Moderator continued to read from the Assessor's budget to the Finance Committee's budget. He then explained his own budget. There is an increase of $75.00, this was due to the need for an expense account. When positions become available on the Finanace Committee and the Personnel Board he want to advertise openings. Also at certain times of the year there are opportunities to attend

seminars concerning Town Meeting rules of order and he wanted to be able to do so. The Moderator continued to read from the Town Clerk's Department to the Highway and asked if there was any discussion concerning the department. Under Highway Department, a question was asked concerning the snow and ice line item. It was explained that whatever amount was listed had to be the same amount each year, this was a state law. This is the only account that the Town is allowed to spend over the amount appropriated and be able to transfer monies into without Town Meeting action. He then read from the Street Lighting Department to the Sewer Commission, where a question was asked concerning the professional fees. It was explained that the consulting fees and legal fees were paid from this account. He then read from the Waste Collection Department to the Cemetery Department.

Under the School Department Budget the following discussion took place. Nicholas Gavriel Chairman of the School Committee, explained that the figure of $19,932,504.00 which appeared in the warrant book, was not the figure that the School Committee wanted. The Committee wanted the figure of $19,998,504, to be what was requested. A discussion took place, the Moderator called for a five minute recess. The meeting recessed at 9:33PM. The meeting reconvened at 9:45 PM. The Treasurer, James Doukszewicz explained that the figure of $19,433,994.00 is the figure that should be on the floor for discussion and possible amendments. Nicholas Gaviel moved to amend the School Departments's figure to be $19,908,504.00 and explained the reasoning for the requested increase. George Nelson of the Finance Committee explained why the Finance Committee recommended the figure of $19,433,994.00. A number of voters spoke in favor of the School Committee's figure. Discussion took place, Jeff Stallard moved the question to stop debate. The Moderator asked for a voice vote, motion carried, unanimously. The Moderator asked for a voice vote on the motion to amend the figure to read $19,908,504.00, motion carried. Selectman Blomgren moved to adjourn the Town Meeting until May 4th at 7:30 PM. A discussion took place. Town Moderator asked if the Town Meeting body could vote on part of the Budget tonight, and then vote the final figure at the next meeting. Town Counsel James Harrington, explained that the vote could not be divided. The choice was to either adjourn or stay and vote a final figure, the budget vote could not be divided. A number of voters spoke in favor of the motion to adjourn. They felt that the Finance Committee and the Board of Selectmen needed time to reconsider what action to take due to the increase voted under the School Budget. At this time the Town Treasurer explained what the procedure would be, if in fact a special election was needed to be called concerning overriding proposition 2 1/2. Other voters spoke against adjournment and wanted to continue and finish the budget at this session. Peter Lawler moved the question to stop debate. Motion carried, unanimously. The Moderator asked for a voice vote on the motion to adjourn, which left the chair in doubt. The following tellers came forward and a hand count was taken:

Margaret Johnson	Edward Hilliard	Scott Prescott
Jean Horgan	John Warren	Jocelyn Anthony
David Fenn	David McLachlan	Normand LeBrecque
Barbara Ward		Gustave Fallgren

The result of the hand count Yes 188 No 224, motion defeated to adjourn.

Selectman Ready moved to amend the School Budget figure to $19,433,994.00. A discussion took place. Irene Cetaruk moved the question to stop debate. A voice vote taken, motion carried, unanimously. A voice vote was taken on Selectman Ready's figure, motion defeated.

Samuel Poulten moved to approve the rest of article three as amended, a discussion took place. Edward Hilliard moved to adjourn the

Town Meeting until Monday May 4, 1987, the Finance Committee was in favor of the motion. More discussion took place. Fran McDougall moved the question to stop debate, motion carried, unanimously. A voice vote was taken on the motion to adjourn, motion defeated. The Moderator was questioned on the voice vote, he asked the Town Meeting body again on the motion to adjourn, motion defeated. The Moderator returned to Samuel Poulten's motion to approve the rest of article three as amended which includes all the salary changes proposed. The Finance Committee asked if it was proper for this procedur, that the budgets be approved with out any discussion. The Moderator explained that if that is the vote of the voters then that is the procedur they choose to abide to. Irene Cetaruk then moved the question to stop debate. F. Bailey Laughlin of the Cable Television Committee asked if this meant that if the motion passed to stop debate, then he would not be able to discuss the fact that his budget was short $400.00 and that he wanted to amend his budget to reflect the correct figure. The Moderator explained that this was so. If this motion passed then the only way Mr Laughlin could amend his budget was to reconsider article 3, or if the moving party (Samuel Poulten) would yield his motion at this time, then Mr. Laughlin could include his figure in the total. Mr. Poulten yield his motion at this time, in order to allow Mr. Laughlin's motion to be on the floor. The Moderator asked for a voice vote on the increase of $400.00 under the Cable Television Committee, motion carried. The Moderator then asked for a voice vote on the motion to moved the question. Which left the chair in doubt. The tellers came forward and a hand count was taken: Yes 315 No 44 2/3's vote required (239) motion carried. The Moderator explained that the main motion figure of article three was $35,605,030.00. Selectman Emerson moved to amend line #99 (Waste Collection) from $1,182,334.00 to $0.00. He explained that the money needed for the School Department's budget was going to have to come from somewhere and perhaps this service should be cut. The Finance Committee and the Board of Selectmen were against the motion. One voter explained that the people of Chelmsford didn't mind paying for the services they receive, that is why they moved to this town, because of the school system and services offered. After much discussion Selectmen Emerson withdrew his motion. More discussion took place. Malcolm Roberts spoke about the proceedings that have taken place through out the meeting and moved the question to stop any further debate about article three. The Moderator asked for a voice vote, which left the chair in doubt. The tellers came forward and a hand count was taken: Yes 303 No 24 2/3's required (218) the motion carried. A voice vote was taken of the main motion with the figure of $35,605,030.00, motion carried. Article three reads as follows:

Certain articles were agreed upon being dismissed, others would be funded by transfering from the stablization fund, and monies left over from previous years warrant articles. The Town would be able to maintain the present quality of service of these dep rtments without cutting back. Cost wise it would be better. Equipment wil be shared within the departments. Selectman Blomgren explained that a rep rt done by Bennett & Shaw made a number of other recommendations for the Town to follow. The Finance Committee supported the article. They fel that this is what the people in town wanted. Before the Moderator acknowledge any other voters, he made a point of order. Any voter after speaking on an article, would not be allow to move the question to end debate, after speaking. 8. Said violation shall be punishable as provided in Article 1 of Town of Chelmsford General By-laws.

Selectman Henrick Johnson explained that presently this problem is ndled by the Building Inspector via the zoning by-laws, which does not ate a definite time and amount of vehicles allowed on the property. s by-law would strengthen the present law by stating a certain amount time a person would be allowed to have one unregistered car on the perty plus there will be a hearing process, handled by the Board of lectmen. The Finance Committee was is favor of the article. Motion ried, unanimously.

UNDER ARTICLE 12 James Geary, representing the Tevlin family plained the article. At the present time the land is zoned residential d after trying to sell the property, the family wants to re-zone it to neral Commercial District. However, first the family wants the Town to ve the first option on purchasing the land at the residential price for e possible library expansion, even after the zoning change is done. If e library is unable to expand, then the land will be sold for mmercial use. The Finance Committee was against the motion to re-zone. nes Douszkewicz spoke in favor of the article. He stated that the vlin family has been waiting for 2 1/2 years for some sort of ttlement between the town for a possible purchase and the property has en maintained and kept up and urged for the re-zoning. Richard Tevlin oke in favor of the article. He felt that the Finance Committee did t do a thorough research before making their recommendation. If the perty was re-zoned, the Town would receive more tax money due to it ing in a commerical zone. The family has been more than fair in iting for the Town to make a decision and asked for support. A scussion took place. A number of voters spoke for and against the ticle. The Moderator read the Planning Boards's recommendation: The anning Board, held a Public hearing on September 14, 1988 and voted in vor (7-0) of the proposal to change the zoning of Bartlett Street perty owned by one Mary E. Tevlin from the present RB district (single sidence) to CD district (general commerical district). The Moderator ked if there was any need for further discussion. Hearing none he tempted a voice vote which left the chair in doubt the tellers came rward and conducted a hand count: Yes 244 No 47 2\3's vote of 194 eded, the motion passes and reads as follows:

John McCarthy, Chairman of the Planning Board, moved that the Town vte to amend the Zoning By-law and Map by changing form RB (Residential B District) to CD (General commercial District) the following described poperty owned by Mary E. Tevlin:

econd: To amend subsection 1 to read "It shall be prohibited and unlawful for any person to set, trigger, activate, or otherwise use or cause to be set, triggered, activated or used any steel jawed leghold or conibear trap to be used for the capture of any animal."

he then yield the floor to James McBride who wanted to amend the motion lso. The Moderator won't allow the McBride amendment at this time, but ould allow the discussion because it was connected to the Hillman mendment. A discussion took place and James McBride then yield the floor ack to Kathleen Hillman who in turned discussed her motion to amend. he also explained that she had there in the hall, three non resident xperts who could answer further questions about the effects of trapping n beavers and other animals. Plus she had a video that she wanted to resent to the Town Meeting Body. The Moderator explained that the three "experts" would have to be voted individual permission allowing them to speak before the Town Meeting Body. The Town Meeting body express their pposition on viewing the film. The Moderator started to ask for a voice ote granting permissiion for one of the non-residents to speak when Joseph Paolilli questioned the quorum.

The Moderator called the tellers to come forward and begin a quorum count when Mr. Paolilli withdrew his motion questioning the quorum. Selectmen Dennis Ready then moved to table article 13 at this time, due to it seeming like a lengthy discussion was going to take place, in order to act on article 14. The Finance Committee was in favor of the motion to table. The Moderator attempted an unsuccessful voice vote, the tellers came forward and conducted an hand count Yes 167 No 81 motion carried to table article 13.

UNDER ARTICLE 14 Selectman Dennis J. Ready moved that the Town vote to transfer and appropriate from Article 14 of the Special Town Meeting of September 25, 1986 the sum of $62,000.00 for the purpose of increasing the Police Department Fiscal 1989 Budget Line Item 76 Salary, to fund negotiated Wage and Salary increases.

Bernard Lynch explained that the Town negotiated with the Police Union and agreed to use civilian dispatchers which would save the Town money. He urged the Town to vote for this article. The Finance Committee recommended the article. William Dalton moved the question. The Moderator asked if there was anyone else wishing to speak, hearing none he asked for a voice vote, motion carried, unanimously.

Selectmen Ready moved to remove article 13 from the table. The Finance Committee was also favor. Motion carried, unanimously.

UNDER ARTICLE 13 Before any further discussion of this article could take place, Joseph Paolilli questioned the presence of a quorum. James McBride moved to adjourn the Special Town Meeting until Monday evening at 7:15 PM September 26, 1988 at the McCarthy Middle School Auditorium. A question was raised on how the Town Meeting Body could vote on anything further if there was no quorum. The Moderator explained that a quorum need not be present in order to adjourn a meeting to a certain place and time. A discussion took place. A question was raised on why there was a debate going on about adjourning when the actual question should be about the quorum being present. Town Counsel ruled that if a question is raised concerning adjournment that takes presidence over any other motion on the floor. More discussion took place. Patricia Griffin moved the question to stop debate about adjournment. The Moderator asked for any need for further discussion, hearing none he asked for a voice vote, which left the chair in doubt. He asked for the voters to raise their tickets, motion carried to adjourn until Monday September 26, 1988, at 7:15 PM at the McCarthy Middle School Auditorium. The Meeting adjourned at 10:20 PM.

SPECIAL TOWN MEETING
APRIL 24, 1989

The Special Town Meeting was called to order at the McCarthy Middle School Gymmnasium, at 8:00 PM by the Moderator Dennis McHugh who recognized the presence of a quorum. There were 529 voters present.

Selectman Johnson moved that the reading of the Constable's return of service and the posting of the warrant be waived. It was so voted, unanimously. Selectman Johnson then moved that the reading of the entire warrant be waived. It was so voted, unanimously.

UNDER ARTICLE 1 Selectman Henrick R. Johnson Jr. moved that the Town vote to transfer and appropriate (1) the sum of $400,000 from Surplus Revenue and (2) the sum of $100,000 from line item #146 Unemployment Benefits to Insurance (Life and Medical) Line Item #144.

Bernard Lynch Executive Secretary to the Board of Selectmen explained the article. This article will transfer money from available funds to replenish the health insurance trust fund for the employees of the town. Due to changes in the law, the town is running a shortfall in the trust fund. The Finance Committee recommended the article. Motion carried unanimously.

UNDER ARTICLE 2 Selectman Henrick R. Johnson Jr. moved that the Town vote to transfer and approprite the sum of $1581 from the Insurance Sinking Trust Fund to line item #19 Liability Insurance in order to reimburse the Town of Chelmsford's insurance carrier for payments made within the deductible provisions of said policy.

Bernanrd Lynch explained that the insurance company paid the deductible for claims and now the Town must reimburse the insurance company. The Finance Committee supported the article. Motion carried, unanimously.

UNDER ARTICLE 3 Selectman Henrick R. Johnson Jr. moved that the Town vote to transfer and appropriate (1) the sum of $17,768 from the unexpended proceeds of the amount authorized by Article 11 of the Special Town Meeting of May 9, 1988 and (2) the sum of $2,232 from the unexpended proceeds of the amount authorized by Article 13 of the 1986 Annual Town Meeting, for the following purpose: Police Department, Hot Top Existing Parking Lot and Driveways.

Bernard Lynch explained that this would be the money left from capital improvement funds. If projects come in under bid, then the money can be transfered to another project by Town Meeting vote. The Police Department needed smoke detectors installed and the expense was less than anticipated, therefore the money left from this project if transfered will be used to apply to the bid of hot topping the areas mentioned at the Police Station which came in with a higher bid price than anticipated. The Finance Committee recommended the article. Motion carried, unanimously.

UNDER ARTICLE 4 Selectman Henrick R. Johnson Jr moved that the town vote to transfer and appropriate the sum of $12,500 from Article 14 of the Special Town Meeting of September 25, 1986 to line item #77 Police Department Expenses (Emergency 911).

The Finance Committee recommended the article. Motion carried, unanimously.

UNDER ARTICLE 5 Selectman Henrick R. Johnson Jr moved that the town vote to transfer and appropriate the sum of $209,968 from available funds (Chapter 90 Highway Funds Due from State) for the purpose of Chapter 90 Highway construction.

Bernard Lynch explained the article. A change in the law requires that Town now vote the actual monies needed for the Chapter 90 fund. The Finance Committee recommended the article. Motion carried, unanimously.

UNDER ARTICLE 6 Selectman Henrick R. Johnson Jr moved that the town vote to transfer and appropriate the sum of $8,042 from line item #146 Unemployment Benefits to veterans Benefits Department Salaries line item #126.

Bernard Lynch explained that this was the amount needed for sick leave by back for an employee who has retired. The Finance Committee recommended the article. Motion carried, unanimously.

UNDER ARTICLE 7 Selectman Henrick R. Johnson Jr and Chairman of the Capital Planning Committee James Doukszewicz moved that the town vote to authorize the transfer of unexpended funds from Article 17 of the 1987 Annual Town Meeting in the amount of $67,000.00 to an account to fund the following capital projects:

1.	Van for the Town Engineer Dept	$15,000.00
2.	Masks for firefighters to conform with new regulations	$12,000.00
3.	Water back-flow installation at three school buildings	$40,000.00

James Doukszewicz explained that this is money left over from other capital planning projects. The Engineer Department presently have a van which is unusable. Due to the different projects around the town a van is needed to get from site to site. The new masks for the firefighters are to conform with the new law concerning the health factor of smoke inhalation. The back-flow installation is to prevent the tap water not being used from flowing back into the town wells and system. This would prevent a health hazard, because bacteria and infection could get into the system. If voted tonight the bids could go out immediately and the projects could be started before the fiscal year ends. The Finance Committee recommended the article. Motion carried, unanimously.

UNDER ARTICLE 8 Chairman of the Sewer Commission John Emerson moved that the Town vote to appropriate $39,000,000 as the local share of the cost for designing and constructing sewers, pump stations and force mains to complete the Town's Sewering Project to serve the Phase II and Phase III areas as defined in the Town's Facilities Plan for Wastewater Management, as amended, dated August 1986, and additional targeted "needs areas", including related legal, administrative and other pertinent expenses and the acquisition by purchase, eminent domain or otherwise of all necessary easements and rights in land; that to meet this appropriation, the Treasurer with the approval of the Selectmen, is authorized to borrow $39,000,000 under G.L. c.44, s 8(15); that the Sewer Commission is authorized to contract for and expend any federal, state, or other aid available for the project; that betterments shall be assessed based on sewer construction in accordance with the applicable provisions of the General Laws; and that the Sewer Commission is authorized to take any other action necessary to carry out this project.

John Emerson explained that this is the funding needed to continue the present sewering project. It will show to the State the Town's obligation to go forward and finish the project. The Finance Committee recommended the article. The Board of Selectmen also recommended the article. The motion carried, unanimously.

UNDER ARTICLE 9 Selectman Henrick R. Johnson Jr moved that the town vote to transfer and appropriate the sum of $800 from line item #146 Unemployment Benefits to Recreation Salaries line item #134, for the purpose of paying certain Recreation Commission salaries.

Bernard Lynch explained that this money is to cover unforseen expenses that occured last year at the Varney Playground area. There was an ongoing situation that required additional personnel to patrol the area, and this is a reimbursement to that line item to cover that expense. The Finance Committee recommended the article. Motion carried, unanimously.

UNDER ARTICLE 10 Selectman Henrick R. Johnson Jr moved that the town vote to authorize the Board of Selectmen, for consideration to be determined, to convey and transfer all right, title and interest, if any held by the Town, in certain parcels of land on Dover Street, shown as Lots 25 and 28 on Assessor's Map 45.

Johnson Jr moved that the town moved to authorize the Board of Selectmen, for consideration to be determined, to convey and transfer all right, title and interests if any held by the Town, in a certain parcel of land on Mallory and Dover Streets, shown as Lot 23 on Assessor's Map 45.

Gary Bevis expressed his interest in purchasing this property, it abutts his property. The Finance Committee recommended the article. Motion carried, unanimously.

UNDER ARTICLE 13 Selectman Henrick R. Johnson Jr moved that the town vote to authorize the Board of Selectmen, for consideration to be determined, to convey and transfer all right, title and interest, if any held by the Town in certain parcels of land on Eighth Avenue, shown as Lots 68 and 69 on Assessor's Map 67.

Gary Bevis explained that he no longer owns the property that this land abutts, and wanted to withdraw his interest in this lot or the one in article 14. The Finance Committee did not recommend the article. The Moderator asked for a voice vote. Motion defeated.

UNDER ARTICLE 14 The Moderator explained that since Gary Bevis expressed in the previous article that he wished to withdrawl his interest in this article, the Moderator accepted this as a formal withdrawal, and moved on to the next article.

UNDER ARTICLE 15 Selectman Henrick R. Johnson Jr moved that the town vote to authorize the Board of Selectmen, for consideration to be determined, to convey and transfer all right, title and interest, if any held by the Town in the following parcels of land located in the Crystal lake Area of the town of Chelmsford, shown as the following lots:

Bernard Lynch explained that almost all the Town's Public safety officers received these shots last year. Once this money is transfered then those who needed the shots would get them. The total cost will be approximately $16000.00. The Finance Committee recommended the article. Motion carried, unanimously.

UNDER ARTICLE 17 Selectman Henrick R. Johnson Jr moved that the town vote to transfer and appropriate from the Stabilization Fund the sum of $7500 to engage a private engineering firm to conduct a study relative to the depression of utility lines in Chelmsford Center.

Selectman Ready explained that this would be a study for putting the utilites underground around the center of town. The Finance Committee recommended the article. A number of residents spoke against the article. A discussion followed. The Moderator asked for a voice vote. Motion defeated. There was a request for a hand count, the following tellers came forward:

Margaret Johnson	Cheryl Warshafsky	Jocelyn Anthony
Norman LeBrecque	Gail Klemmer	Edward Marshall
Ruth Delaney	Jean Horgan	George Simonian
	John Fudge	

The Modertor attempted a show of hands before sending the tellers into the audience. He declared the motion defeated.

William Dalton wanted a point of information answered concerning article 1. The Moderator explained that before any information could be given the Town Meeting body would have to vote to reconsider article 1. William Dalton moved to reconsider article 1. He questioned where did the surplus revenue of $400,000 come from? The Finance Committee explained that they were against the motion to reconsider the article that this money was free cash. Bernard Lynch explained that this was funds left over from fiscal year 1988. Money that the Town didn't expend through appropriations. Example, some expenses aren't what they were predicted to be, or additional receipts were received by the Town that weren't projected. The money is used for emergency purposes. Last year the money was used to fund the county retirement. A discussion followed. William Dalton said if the money was spent tonight then there would be in fact no more free cash available to fund any additional requests. Bernard Lynch said that the Town would have to turn to other ways via overrides or raising and appropriating any additional monies needed for the 1989 fiscal expenditures. William Dalton wanted to table article 1 for a later date. The Modertor explained that before that motion could be accepted the body would have to vote on whether or not to first reconsider the article. The Moderator asked for a voice vote on the motion to reconsider article 1. motion defeated. The chair was questioned on the voice vote. The Moderator asked for a show of hands, he then asked the tellers to come forward and take a hand count. The result Yes 171 No 233 the motion was defeated.

The Moderator declared the Special Town Meeting adjourned at 9:00 PM.

Dennis McHugh, Moderator

Mary E. St.Hiliare Town Clerk

He then reconvened the Adjourned Annual Town Meeting at 9:01 PM

Selectman Johnson explained that due to the recount of the Charter being scheduled for Wednesday that a number of articles would be tabled pending the out come of the recount. Articles 5,7,33,35,37 & 38. Articles 9 & 29 were already passed in the Special so there would be no need to act on them. Article 27, the assualt weapon by-law, is going to be withdrawn by the Board of Selectmen. Due to Federal and State legislation pending the Board felt that the article would be redundent. The Board did not feel comfortable with the article, nor did the Chief of the Police. Selectman Johnson assured the Town Meeting body that this article would not be brought up for reconsideration during this annual Town Meeting.

Selectman Johnson asked to officially withdraw article 27. The Finance Committee recommended the article to be withdrawn. A discussion took place concerning the motion to withdraw. Joseph Paolilli wanted to have the article heard as advertised. He moved to take the article out of order. The Moderator explained that there was a motion already before the Body to withdraw this article. The Board of Selectmen agreed to withdraw their motion to withdraw the article, therefore this would allow any discussion the article to take place. Matthew Whiting spoke in favor of taking the article out of order. The Moderator asked for a voice vote on the motion to take the article out of order. This left the chair in doubt, he then asked for a show of hands, motion carried.

UNDER ARTICLE 27 The Moderator read the article. The Finance Committee did not have any knowledge or opinion on the article. Selectmen Johnson explained that especially since the Chief of Police was against this article the Board of Selectmen were all in favor of withdrawing the article. Selectman Johnson asked the Chief of Police Raymond McKeon to come forward and express his concerns. He said that the by-law was not his intent nor the Board of Selectmen's to hurt the sportsmen. The by-law does differentiate between military weapons and hunting weapons. Until better wording is presented he will be against any assualt weapon by-law. Carleton McCauley spoke about his concerns of the rights of the citizens being taken away. Selectmen Johnson moved the question to stop debate. The Moderator asked for a show of hands. It left the chair in doubt, he asked for a voice vote, motion carried, unanimously. He then asked for a voice vote on the main motion. Motion defeated. **(see warrant for wording)** Raymond Jones wanted to reconsider the article in order to be guaranteed no further attempts to change the vote. The Moderator explained that this procedure has changed. In the past if an article once voted was brought up again for reconsideration and the motion for reconsideration was defeated then the article couldn't be brought up again anytime during the night of the meeting. However, the by-law has changed and an article can be brought back for reconsideration at any time during the night it was voted. This avoids special interest groups leaving the meeting once their article has been passed. Raymond Jones withdrew his motion to reconsider the article.

UNDER ARTICLE 2 Elizabeth Delaney Chairman of the Personnel Board told the Body that the Board consists of two other members Joan Gauthier,Hal Matzkin and herself and that the Board makes the following recommendations. She proceeded to go through each of the twelve items appearing in the article and explained the purpose of the amendments. The Finance Committee supported the article in its entirety. Selectmen Johnson moved to amend the article by deleting item 2 in its entirety. The Board felt that under the new charter this power of appointment will now be given to the Town Manager and not the Moderator as stated in the article. The Board feels that the Town Manager should have this power. Under item 3 the Board wanted to delete this section also in its entirety. The Board was against implementing five weeks vacation. It would apply to a large number of employees and would cause budgetary constrants. It would be for the best interest of the entire town. The Finance Committee does not support the motion to amend. These employees effective would be within the management positons and there would be no cost factor involved. Elizabeth Delaney explained that there would be ten employees qualified for this fifth week as of July 1st. Presently there are an estimated ninety employees under the board's jurisdication. Fifty-two full time employees and nine regular part-time employees, and the rest are part-time hourly. Only twenty-four of these employees, which includes the ten employees eligible for the fifth week, are receiving four weeks vacation after ten years of service. She listed yearly the future employees who would be eligible beginning in 1990 thru 1997. It resulted in ten more employees. A salary survey done revealed that other towns offer this to their employees. Plus two unions within the town already have this benefit and the supervisors under the Personnel Board are supervising these union employees. Elias Safdie supported the request for the fifth week. William Cady questioned if item 5 the personal leave was a new section? It was explained that all full time employees have had three days of personal leave since 1978--this amendment would apply to the regular part-time employees with twenty hours or more, which would be nine employees. More discussion took place concerning adding the additional members to the Board. Elizabeth Delaney explained that the Board wrote their article in December regardless of charter passing or not. The Board felt that their request was justified. There is a workload because of salary surveys and evaluations. The Board hopes to be able to add at least one member who is familiar in the area of compensation. Selectman Ready questioned again the appointment factor. He felt that the Selectmen should make the appointment because there will not be a Town Manager until some time in the fall. As far as the Personnel Board is concerned, it didn't matter who did the appointment or when it is done. The intentions is to add two more members. Selectman Johnson said that the Board would withdraw the amendment due to the Personnel Board's statement of willing to wait. The Moderator stated that if the Charter becomes effective on Wednesday then no appointment will be made until the Town Manager is appointed. The Moderator asked for a voice vote on the motion to withdraw. Motion carried. The Moderator then asked for a voice vote on the Selectmen's motion to delete the request of five weeks vacation. Motion defeated. Barry Bell questioned adding the Ass't Dog positon. Bernard Lynch explained the money brought in from revenues will pay for the position. More discussion followed. A question was raised about the cost of living increase, number of steps in between the salary range and the total percentage given. There is a 3% cost of living increase recommended. There are eleven steps in the salary range with a 2 1/2% merit increase between each one, for a total of 5 1/2 %. The Moderator asked for further discussion hearing none he asked for a voice vote on the article. Motion carried. Article reads as follows:

ADJOURNED ANNUAL TOWN MEETING
MAY 1, 1989

The Adjourned Annual Town Meeting was called to order at the McCarthy Middle School Gymnasium, at 7:40 PM by the Moderator Dennis McHugh who recognized the presence of a quorum. There were 558 voters present.

The Moderator explained the town meeting rules and regulations. He also pointed out the fire exits within the gymnasium.

Selectman Henrick Johnson moved to asked permission from the Town Meeting Body to allow Bernard Lynch, Thomas Carroll, and William Mullen, to address the voters during the meeting. These people are Town Officials and Department Heads who are non residents of the Town, who may be called upon to explain the articles. Motion carried, unanimously.

Selectman Johnson moved to take article 5 off the table. Motion carried, unanimously. Selectman Johnson moved to dismiss this article. With the ratification of vote of the Charter last Wednesday this article now comes under the jurisdication of the new charter and it is not necessary for the body to act on it. The Finance Committee recommended the motion to withdraw. Motion carried, unanimously.

UNDER ARTICLE 11 Selectman Henrick Johnson Jr. moved that the Town vote to authorize the Board of Selectmen to acquire in fee simple by purchase, eminent domain or otherwise, a certain parcel of property situaed at Hunt and Littleton Roads, more particularly described on a Plan entitled "Plan of land, Chelmsford, Massachusetts, prepared by Howe Survey, Associates, March 16, 1989" and on file with the Town Engineer, for highway purposes and I move that the town raise and appropriate the sum of $1500 to defray all necessary costs, fees and expenses in connection with the acquisition of said land and for paying any damage which may be awarded as the result of any such taking.

Selectman Johnson explained that this is property needed to correct one of the most dangerous intersections in Town. The fee is not a large one. The Finance Committee recommended the article. Norman LeBrecque questioned if the taking was a friendly one. James Harrington explained that the money amount shown is the exact appraisal value of the land. The Moderator asked for a voice vote, motion carried, unanimously.

UNDER ARTICLE 12 Selectman Henrick Johnson Jr. moved that the Town vote to authorize the Board of Selectmen, to lease for a ten year term, a certain parcel of land shown as Lot 51 on Assessors Map 26 with provisions for removing sand from the property for municipal purposes: and to raise and appropriate the sum of $20,000 for the first year of said lease.

Bernard Lynch explained that presently the Town is paying $8.00 per yard for sand. The land in this article is six acres and contains an estimate of 90,000 yards of sand. The cost per yard would be $2.00 per yard. Even after paying the ten year lease the savings will be $300,000. The Finance Committee recommended the article, but reminded the body that the Town will be paying $20,000 per year for ten years. A discussion took place. The Moderator asked for a voice vote, motion carried, unanimously.

UNDER ARTICLE 13 Selectman Henrick Johnson Jr. moved that the Town

vote to accept the provisions of Clause 41C and Clause 17D of Chapter 59, Section 5 of the General Laws of Massachusetts which permit limited property tax exemptions for qualifying low income residents.

John Shepardson who submitted the article explained that it would be a benefit for the many elderly taxpayers who are on a fixed income. The Finance Committee did not support the article because it will mean less revenue for the town. The Board of Selectmen recommended it. Town Treasurer James Doukszewicz explained that the money for the abatements comes from the abatement reserve funds, not from the actual tax money. Assessor Diane Philips explained that this would also include any widow regardless of age. She gave a estimate of the number of abatements and the dollar amount involved. The Moderator asked for a voice vote, motion carried.

UNDER ARTICLE 14 The Moderator explained that he would go through and read each department's total budget figure and ask if there was any need for discussion. He began with the Accounting Department and went as far as Cable Tv Commission. A question was asked concerning this budget. Jacob Sartz explained that the money is used for the local cable channel 43 to do live broadcasts such as town meetings, Selectmen and School Committe Meetings. The Moderator read from Conservation Commission to the Insurance (Liability) budget. Richard Codling wanted to know exactly what type of insurance this pertained to. Bernard Lynch explained that this included a number of different types of insurance policies. It included the General liability of the Town. Motor vehicle insurance, equipment liability. Police special liability, workman's compensation. The Moderator read the Law Department budget. William Dalton raised a question about line item 24. He wanted to know what was special counsel? Bernard Lynch explained that this was the expense of special counsel used for labor negotiations. A discussion took place. The Moderator read from Medical Bills Retired Police & Fire through Public Buildings. Norman LeBrecque asked why the salary account was reduce. Bernard Lynch explained that the custodian staff was being reduced by a half of person. The Moderator read from the Registrars Department to the Dog Officer Budget. Richard Tevlin questioned the care of live animals having a zero figure. Bernard Lynch said that the Selectmen wanted to amend the this figure. The Modertor read the motion. Selectmen Henrick Johnson moved to increase line item 56 under the Dog Officer Budget by $1800 for a total budget of $36,886. The Moderator asked for any discussion, hearing none he asked for a voice vote on the motion to amend. Motion carried, unanimously. He proceeded to read from Emergency Management Agency to the Fire Department where a discussion took place. William Dalton wanted to know why the salaries line item increased. Bernard Lynch explained that this was the cost of living increase and projected merit increases for the employess under the personnel board, and the clerical union, plus the additional deputy chief. William Dalton quesioned why the deputy chief was added and not four lieutenants and six firefighters. Bernard Lynch said that the decision was made by the Fire Chief. The study did recommend the additional changing staff, however it said due to the problem of the minimum manning clause this would defeat the purpose of adding the additional men. More discussion took place concerning the salaries. William Dalton stated that the men only make $10.52 an hour. The Moderator read the Hydrant Service and Selectman Dennis Ready made a statement thanking the Water Department for their coperation in maintaining the hydrants and reducing this to a zero budget. Under Inspect/Pest Control a discussion took place. James Sousa questioned why there such a difference from what has been expended from previous years to what is being requested for this years budget. He used line item 67 and also line items 2,24,41,56,as an example. Bernard Lynch

explained that these budget figures reflect transfers which are made for unforseen circumstances that happen through the year. Richard Day explained the insect pest control is done only at certain time of the year. And the higher figure is what the state expected the town to spend on control. Due to budget constraints the decision was made to ask for only what would really be needed for the time being. The Moderator proceeded to read from the Inspection Department to the Highway Department, where Norman LeBrecque questioned line item 68 under the Inspection Department. Bernard Lynch explained that this included a one time sick by back figure for an employee. Under the Highway Department Selectman Henrick Johnson moved to increase line item 85 Salary to read $614,914. and decrease line item 86 expenses to read $436,440. for a total Highway Department of $1,321,354. The Finance Committee supported the motion to amend. Norman LeBrecque questioned why if there is an increase in the figure that the figure is still lower than the amount requested. There is definatly a need for work to be done on the streets and other areas in town. Why does it seem like the work force is being reduced. This department is always being cut back. Bernard Lynch explained the difference in the figures. The Moderator asked for a voice vote on the motion to amend, motion carried, unanimously. The Moderator read from Street Lighting through Sewer Department. A questioned was asked why the salary line item was increased? John Emerson explained that this figure reflected the salary of the two new employees, the Superintendent and the Maintenance Mechanic. Under the Waste Collection a discussion took place. Voters voiced their concerns about the rising cost. It was mentioned that the unfairness of other budgets being cut back while this one is increasing without any control above the 2 1\2 % increase allowed. Under the School Department budget Chairman of the School Committee Barbara Ward moved to amend the bottom line to be increased by $10,000. This is the appropiation from Public Law 874 in the amount of $10,000. for a net School Department of $21,131,513. The School Committee just received this figure. The amount will be reimbursed by the Federal Government, but it must show in the budget before any reimbusement will be made. Basically it will be a washout. The Finance Committee supported the motion to increase. The Moderator asked for a voice vote on the motion to increase, motion carried, unanimously. Under the Council on Aging Henrick Johnson moved to reduce line item 114 to read 98,030 for a total budget figure of $121,780. The Finance Committee was in favor of the motion. Motion carried, unanimously, by voice vote. The Modertor read from Cultural Council through the Recreation Department. A question was asked concerning the salary increase. Bernard Lynch explained that this reflects the cost of covering the additional fields and Varney Playground. The Moderator read from Varney Playground through the Debt and Interest Budget. Dwight Hayward moved to reduce line 147 interest payment by the amount of available overlay surplus reserve of $81,618, for a total budget figure of $2,004,182. Dwight Haywood explained that this is money that has become availble and according to state law must be used to reduce a budget. The Finance Committee selected this budget as the one where the money will be used. The Moderator asked for a voice vote on the motion, motion carried. The Moderator asked that the Town Meeting Body vote to raise and appropriate the amount of $42,660,214 plus the transfer from PL874 of $10,000, and the transfer from the overlay surplus reserve account of $81,618 for the total operating budget figure of $42,751,832,. A discussion took place concerning the funding of the School Department and Fire Department contracts. Dwight Haywood explained that there would be a number of options available. Either a user's fee could be used for the trash pick up. An override is another option. As of July lst free cash will be available and other as well as other departmental receipts such as collection of back real-estate taxes. The Moderator asked for further discussion, hearing none he asked for a voice vote on the total operating figure of $42,751,832. motion carried unanimously. The article reads as follows:

At the Planning Board meeting of February 8, 1989 the Planning Board voted unanimously (6-0) of the proposal to amend the zoning by-laws and zoning map from (P) Public to Roadside (CB).

1. Under Section 2, Plans, Surveys, Measurements and Control by deleting Section 2.1 in its entirety and substituting in its place the following:
   2.1 Unless specifically waived by the Highway Superintendent, all applications for a permit under this By-Law shall be accompanied with the following:

2. Under Section 8, subtitled Construction Standards, by deleting Subsection 8.12 Grading, Rolling and Finishing in its entirety and substituting the following:
   8.12 Grading, Rolling and Finishing
   8.12.1 The word "approved" as appearing in Section 8 shall mean conforming to Massachusetts Department of Public Works Specifications, as amended.
   8.12.2 The trench in the street must be filled and temporarily resurfaced on the same day it is opened unless otherwise directed by the Highway Superintendent or his designee. The trench shall be backfilled with approved excavated materials to within nineteen and one-half (19 1/2) inches of the top. Eighteen (18) inches shall consist of approved gravel (State DPW Spec. M1.03.0 type b) and the remaining one and one-half (1 1/2) inches shall consist of temporary bituminous surface. Road surface

shall be pre-cut to avoid damaging surfaces surrounding the trench. If the temporary road surface is not placed the first day, then as soon as directed by the Highway Superintendent, the gravel sub-base shall be excavated to the required grade in order to place one and one-half (1 1/2) inches of temporary bituminous surface. The temporary pavement shall be placed and raked to a uniform surface, rolled to the required thickness and to a grade that will match the existing bituminous road surface.

The Permittee shall maintain the temporary surfacing and shall promptly fill with similar material any depressions and holes that may occur so as to keep the surfacing in a safe and satisfactory condition for traffic. Temporary resurfacing must be a minimum of one and one-half (1 1/2) inches compacted thickness and may consist of either so-called "Cold Patch" or plant mixed hot-asphalt aggregate, all as produced in accordance with the standard specifications of the Massachusetts Department of Public Works. The bituminous concrete surface shall not be placed until the expiration of 30 days from the date of completion of the temporary surface. The temporary sub-base shall be excavated to the grade required by these by-laws prior to placement of the bituminous concrete surface.

3. Under Section 8, Construction Standards, by deleting Subsection 8.13, Bituminous Concrete Pavement Replacement in its entirety and substituting the following:

8.13 Restoration of Permanent Paving
The Permittee shall remove and dispose of, in accordance with acceptable construction standards, all excavated material before proceeding with the remainder of the work and shall thoroughly compact the surface of the sub-base. Any broken or irregular edges of existing pavements shall be cut away in straight lines as directed by the Highway Superintendent, leaving a solid vertical face. The bituminous concrete base and top shall be laid and rolled in two (2) courses. The binder (base course) shall not be less than the existing roadway base course and shall not be less than two (2) inches in depth and the top course shall be one and one-half (1 1/2) inches in depth. The minimum total thickness

of both courses, measured after rolling, shall be three and one-half (3 1/2) inches. The base course of the permanent pavement shall be placed and carefully raked to minimum surface and thoroughly rolled to the required thickness. Before placing the base course of the permanent pavement, the edge of the original bituminous surfacing shall receive an application of approved asphalt emulsion so that the new pavement material may be properly bonded to the existing pavement. All seams shall be sealed with an approved emulsified liquid asphalt and sand. The top course of the permanent paving shall be placed to a grade that will match the existing bituminous surface after rolling. The permanent paving shall not overlap the existing pavement and shall not have to be applied with a mechanical spreader unless otherwise directed by the Highway Superintendent. The permittee shall furnish, place, grade, and compact Bituminous Concrete Pavement of Class I Type I-1 as shown and specified in the latest Massachusetts State Department of Public Works Standard Specifications for Highways and Bridges. Unless otherwise approved by the Highway Superintendent, a full width overlay will be required if greater than 50% of the roadway pavement width will be disturbed. In these cases, pavement overlay shall consist of one and one-half (1 1/2) inches of dense graded bituminous concrete and shall extend at least 30 feet beyond the street opening. Excavations shall be made in open cut. Tunneling will be allowed by special permission of the Superintendent. All excavations and trenches shall be braced and sheathed when necessary as required by OSHA specifications. Street openings shall be maintained by the Permittee for a period of two (2) years from the date of completion. No additional permits shall be issued to the permittee or contractor who has any outstanding unmaintained street openings. After new full width permanent surface is laid, street surface openings shall be prohibited for a period of 3 years for major and minor arterial roads and 2 years for collector and local roads, except in cases where a variance is obtained pursuant to Section 14 of these by-laws. The list of streets as classified by the Highway Superintendent shall be kept on file at the Highway Department. All permanent pavement markings, including but not limited to crosswalks, traffic and

center lines that are obliterated or damaged during construction shall be repainted by or under the direction of the Highway Superintendent at the expense of the Permittee.

Pre-formed expansion joints, when deemed necessary, will be installed against buildings, walls, steps, foundations or existing concrete blocks. The new cement concrete square shall consist of Entrained Class "A" (3500 p.s.i.) mix. All concrete must be cured by covering with material in accordance with acceptable construction standards or as directed by the Highway Superintendent. All walks shall be laid over a minimum of twelve (12) inches of well compacted gravel. Cement concrete shall be treated with silicone or linseed oil sealer for salt damage prevention.

5. By deleting Section 16, Municipal Department, and substituting in its place the following:

$300,000 aggregate

b) Property Damage - $100,000 per occurrence

Contractor shall deliver a current Certificate of Insurance to the Highway Superintendent before performing work under this Article and shall post a $5,000 performance bond with the Town securing work to be performed within the public right of way. On projects where the Highway Superintendent determines that the cost of construction is $10,000 or greater, the contractor shall post a performance bond payable to the Town securing 100% of the construction cost. The bond shall be released upon approval of the work by the Highway Superintendent.

1.9.3 Violations of the provisions of Article V shall result in the revocation, by the Superintendent, of the contractor's license to perform work in the Town of Chelmsford.

Richard Codling asked for a point of order. Due to the fact that Town Meeting was going to be history because of the new charter he wanted to submit a list to the Town Clerk, of those voters in attendence, who would be interested in becoming Town Meeting Members. Bernard Lynch explained this would allow the recreation to set up a $10,000 revolving fund and pay the salaries out of that fund. The Finance Committee is in favor of the article. Motion carried, unanimously.

Normand LeBrecque wanted to reconsider article 21. He questioned how this by-law would effect the sewer construction and the average homeowner. It was explained that this does not effect the homeowner at all. It will only apply to the developers of subdivisions. The motion was withdrawn to reconsider.

UNDER ARTICLE 23 Selectman Johnson explained that this would prevent future stores from being able to add automatic amusement devices. Due to a number of complaints in neighborhoods where these stores are with the devices, the Board felt it would be in the best interest of the Town to ban any further licensing. Richard Jerome, Norman LeBrecque, Gregory Jones, Barry Balan. Selectman Johnson moved the question to stop debate. Motion carried to stop debate. The Moderator then asked for a

INFORMAL ORIENTATION MEETING FOR REPRESENTATIVE TOWN MEETING MEMBERS

OCTOBER 5, 1989

The Meeting was called to order at 7:45 PM at the McCarthy Middle School Auditorium. The Moderator, Dennis McHugh welcomed all the newly elected Representative Town Meeting Members. The Town voted in April to have a Charter for Chelmsford. This meant that there would now be a Town Manager and Representative Town Meeting. A Special Election took place on Tuesday September 19th in which 18 voters were elected from each of the nine precincts. A total of 162 members were elected. There were 154 members present at the meeting.

The Moderator then asked the members to go over the information that was supplied by the Town Clerk. In their packages were: copies of the Open Meeting Law, the Warrant for the STM of October 12th, the Charter, and RTM practices and procedures prepared by the Moderator, and I.D. badges. He explained that the badges are to be worn at all times during the meetings. Only those voters wearing the badges will be allowed to sit in the designated area and counted if a hand count is conducted. Temporary ones will be issued by the Town Clerk if a RTM Member doesn't have their's the night of a meeting.

The Moderator then introduced the Town Clerk Mary E. St.Hilaire. The Town Clerk asked for all the RTM members present from precincts 2,4,6,7,9, to please rise and take the oath of office. On September 25th precincts 1,3,5,and 8 were sworn in at the Town Office Building when tie breaking ballots were casted for their precincts. She then explained that everyone present received and signed for copies of the Open Meeting Law, and proceeded to go over certain areas of the law. If the individual precincts meet to discuss town meeting articles or anything pertaining to town business, they are subject to the Open Meeting Law and must post 48 hours in advance prior to any meeting. She urged the members to read the law so they won't be in any violation.

The Moderator then introduced the Town Manager, Bernard F. Lynch. The Town Manager had passed out prior to the meeting a booklet explaining proposition 2 1/2 and the Town Status for FY 90 and a financial forecast up to FY 1994. Questions were asked concerning the Free Cash line item in the forecasted figures. A lengthy discussion took place concerning proposition 2 1/2. Bernard Lynch explained the effects of it and what has happened to the Town since 2 1/2 has been established.

The RTM Members asked if it would be possible to review the STM articles. The Moderator explained that any explanation would have to take place the night of the meeting because all parties involved with an article would be present and would be responsible for their own explanation.

Robert Sexton asked for a ruling on the Conflict of Interest Law, and how if any it would effect the RTM Members. It was explained that RTM Members do not come under this law or the Campaign Finance Law. The Town Counsel was requested to have an opinion on the Conflict of Interest Law available for the October 12th meeting.

The Moderator asked if there were any further questions. Hearing none, he reminded the RTM Members to bring their badges and copy of the warrant to the October 12th meeting. He closed the meeting at 9:30 PM.

SPECIAL TOWN MEETING

OCTOBER 12, 1989

The Special Town Meeting was called to order at 7:35 PM at the McCarthy Middle School Auditorium by the Moderator Dennis E. McHugh. There were 157 representatives present.

The Moderator went over the town meeting procedures. He explained that the body had a copy of the motions to be acted upon during the meeting. If any representative wanted to amend the motion then they could do so in writing and a vote would be taken on the amendment. If passed, a vote would be required on the main motion as amended. Selectman Bonita Towle moved that the reading of the Constable's return of service and the posting of the warrant be waived. It was so voted, unanimously. Selectman Towle then moved that the reading of the entire warrant be waived. It was so voted, unanimously.

The Moderator explained that Town Counsel was asked to give an opinion at this meeting concerning the conflict of interest in regards to town meeting members voting on issues. He then proceeded to read the opinion of Town Cousel James Harrington which was addressed to Dennis McHugh, as follows:

"Pursuant to your request for an opinion relative to the potential conflict of interest of a town meeting member in voting on any issue in which he has an interest, pecuniary or otherwise, the following is rendered.

The conduct of public officials and employees is regulated by Massachusetts General Laws, Chapter 268A. Specific sections of this Chapter cover the consduct of a municipal employee. A municipal employee is defined by Section (1) (g) as "a person performing services for or holding an office, position, employment, or membership in a municipal agency, whether by election, appointment, contract of hire or engagement, whether serving with or without compensation, on a full or part-time, intermittent or consultant basis but excluding (1) elected members of a town meeting and (2) members of a charter commission established under Article LXXXIX of the Amendments to the Constitution."

By definition all elected town meeting members are specifically exempted from the provision of Chapter 268A, the conflict of interest statute. As they are exempt from the provisions of this Chapter a town meeting member will not be found to have a conflict of interest on any issue at town meeting and may deliberate and vote on all matters regardless of any personal interest he may have in the subject matter.

This office has conferred with Stuart A. Kaufman, Esquire, General Counsel to the State Ethics Commission who has concurred with this opinion with the caveat that any elected or appointed town official or other municipal employee should designate the capacity in which they are addressing town meeting prior to speaking, as elected town meeting member or in their capacity as a town official."

Robert Sexton precinct 9, asked for a point of order. He wanted the opinion to be incorporated into the town meeting records. The Moderator assured him that by reading the opinion to the body that the clerk would indeed record the opinion in its entirety.

UNDER ARTICLE 1 Selectman Towle moved that the Town vote to transfer and appropriate from free cash in the treasury the sum of $250,000 to Line Item 59 Fire Department Salary.

Selectman Johnson explained that this was the ratification of the Fire Department's union contract. After many months of arbitration, both sides felt that it was in the best interest of the town to radify the contract and avoid any additional months of further arbitration. He explained the language of the contract the first year is a 5% raise broken down 3% the first 6 months and 2% the next six months. The second year is 2% the first 6 months and 3% the second six months. The third year is a 4% raise.

The Finance Committee supported the article. The Moderator asked for any discussion. James Doukszewicz asked if the figure shown was the full amount of the contract or is this the amount after the deductions? Town Manager, Bernard Lynch said it was the full amount of the contract. Harry Foster precinct 2, asked for an actual breakdown of the figures. Town Manager Bernard Lynch explained $130,000 of the figure is the amount needed for the retro-active pay for the last fiscal year that there was a contract. The remaining $120,000 is for the end of this fiscal year of June 30th. A question was raised on where the funding was going to come from for this article and the next article? Mr Lynch explained that there is $996,000 in free cash already raised, the money will come from there. For the future years the money will have to be raised and appropriated. The Moderator asked for a voice vote. George Merrill precinct 2 asked for a point of order. He wanted all votes taken on warrant articles to be by roll call, due to people being in the hall are not all voting representatives. The Moderator explained that when a voice vote is taken he will determine if a hand count is needed. The body also has the privilege of questioning his judgement as long as seven other members question his call. The Moderator asked for a voice vote on the article. Motion carried unanimously.

UNDER ARTICLE 2 Selectman Bonita Towle moved that the Town vote to transfer and appropriate the sum of $535,000.00 from free cash in the Treasury to the Chelmsford School Department line item titled "Total School Department".

Chairman of the School Committee Barbara Ward asked permission to allow Thomas Carroll a non resident to be able to speak to the body if necessary to answer questions about the article. The Moderator asked for a voice vote, motion carried. She explained that the figures shown is what is needed to balance the School Department's budget after all the cuts have been made and contracts settled. The Finance Committee supported the article. A discussion took place. The Moderator asked for a voice vote, motion carried, unanimously.

UNDER ARTICLE 3 Selectman Bonita Towle moved that the Town vote to transfer and appropriate (1) the sum of $88,703 from Free Cash in the Treasury and (2) the sum of $11,297 received from the state as a result of the flood in 1986 to Line item #106, Waste Collection Expenses.

Town Manager Bernard Lynch explained that this was the additional money needed for the Solid Waste Collection (Recycling Program). The program had started in July, at that time an estimate was given on the expense of collecting recyclable items throughout the Town. The program itself is successful, however more money is needed at this point to continue the process. The Finance Committee supported the article. A question was raised concerning Bernard Lynch who is a non resident speaking without first obtaining permission from the body. The Moderator explained that this was addressed in the charter. Any department head including the Town Manager are allowed to speak in order to explain an article. Roger Blomgren asked for support of this article. He felt that the recyclable program was working, and less tonnage of trash was being hauled away and that the savings maybe small

at this point, but at least it is a positive start on trying to curb future expenses. A question was raised on how much tonnage is recyclable from the weekly trash pick up? Bernard Lynch gave some estimated figures. The town has averaged 11,050 tons of solid waste per month over the last three months. The bi-weekly recyclable pick up has averaged between 228-230 tons of recyclables. The bulk item week generated 65 tons of trash. The Moderator asked for a voice vote, motion carried. He then went on to article 4 but stopped to make a point of order. Article 3 required a 2/3's vote or a unanimous voice vote, therefore he had to return to article 3 to justify the vote. The Moderator attempted another voice vote, which left the chair in doubt. The following tellers came forward and a hand count was taken:

Marc Vanderbulcke	Helen Manahan	Stanley Norkunas
Howard Hall	John Hanlon	Tom Mills

Result of the hand count: Yes 132 No 18 2/3's is 100, motion carried.

UNDER ARTICLE 4 Selectman Bonita towle moved that the Town vote to transfer and apprpriate the sum of $13,088.00 from free cash in the Treasury to line item 50, Treasurer/Collector Salary.

Selectman Johnson spoke in favor of the article. He explained that this was the amount needed for payment of sick days for a retired Town Employee. The employee had worked 26 years for the Town and according to the Personnel Board By-law, any accumulated sick time is paid for at the time of retirement. The Finance Committee supported the article only because it was a by-law. They hope that in the future this will not be necessary. A discussion took place. A number of the Town Meeting Members spoke for and against the article. Scott McCaig made a motion to move the question to stop debate. The Modertor asked for a voice vote, motion carried, unanimously. The Moderator asked for a voice vote on the article, motion carried, unanimously.

UNDER ARTICLE 5 Selectman Bonita Towle moved that the Town vote to transfer and appropriate from free cash in the Treasury the sum of $7,845.00 to line item 40 Selectmen Salaries.

Selectman Johnson explained that the Town has adopted the position of Town Manager as stated in the Charter and this is the amount needed to fund it. Due to the Town already being three months into the fiscal year this is for the remaining nine months. The Finance Committee is in favor of the article. Jeffrey Stallard precinct 2, read a letter of opposition that was in the Merrimack Valley Advertiser. He asked why the salary was so high. Selectman Johnson explained that the Screening Committee had set up the criteria, before the final applicants were chosen. There were seventy-two original applicants and after due process they were narrowed down to five applicants. The Committee choose three finalist and presented them to the Board of Selectmen for their final choice. Bernard Lynch was chosen unanimously by the Board of Selectmen. The Selectmen surveyed surrounding Towns with a population like Chelmsford's and the average salary was $66,939.80. He felt if any of the other applicant's had been chosen then the salary wouldn't have been an issue. The Board felt Bernard Lynch deserved the job of Town Manager because he qualified for it. Not because Bernard Lynch was the prior Executive Secretary to the Board of Selectmen. A number of the Town Meeting Members spoke in favor of the article. Henry Sullivan moved the question to stop debate. The Moderator asked for a voice vote, motion carried. The Moderator attempted a voice vote on the article, which failed. The Tellers came forward and a hand count was taken. the result of the hand count was: Yes 140 No 4 2\3's is 96 the motion carried.

UNDER ARTICLE 6 Selectman Bonita Towle moved that the town vote to dismiss Article 6 in its entirety.

James Harrington Town Counsel explained that the Planning Board wanted to be able to further study this zoning bylaw definition change, and would bring it back for a vote at the annual meeting. The Moderator asked for a voice vote, motion carried, unanimously.

UNDER ARTICLE 7 Selectman Bonita Towle moved that the town vote pursuant to General Laws Chapter 82, Section 21, that public convenience and necessity require that a portion of Brook Street, as hereinafter described shall be discontinued and all public rights in any and all portions of said Street, and/or town ways relative to said street shall be henceforth discontinued and abandoned; said street is more particularly described as follows:

That portion of Brook Street as shown on a plan entitled "Proposed Discontinuance Brook Street" on file with the Town Clerk.

And move that the Town vote to authorize the Board of Selectmen for consideration to be determined to convey and transfer all right, title and interest, if any, held by the Town in the above parcel of land located on the discontinued portion of said way/road to the owners abutting said property.

Selectman Johnson stated that the original Brook Street as layed out 100 years ago abutts Leonard MacElvoy's land, and he asked Mr MacElvoy to come forward and explain the article. Leonard MacElroy explained why he wanted the road discontinued. It was formerly owned by Deacon David Perham over 100 years ago. In 1889 a strip of land was surveyed as being 32 feet wide and 220 feet long which lead to an area called Perham Park. The park was a gift to the town that was never accepted. Since David Perham passed away, nobody paid the taxes on the land. The piece of land known as Perham Park has long been disposed of by the town. Mr MacElroy wants to get the strip of land left, back on the tax rolls. The strip is to be divided in half. He will take the half which abuts his property and the other half will go to John Gioumbakis, the abutter on the other side of the strip of land. The Finance Committee recommended the article. The Moderator asked for a voice vote, motion carried, unanimously.

UNDER ARTICLE 8 Selectman Bonita Towle moved that the Town vote to dismiss Article 8 in its entirety.

Town Counsel James Harrington explained that this was land that the Cemetery Commissioners wanted to purchase. An offer has been made to the owner of the 5,000 sq ft piece of land. However, an agreement hasn't been reached yet. The Commissioners are now in the process of petitioning the Middlesex County Commissioners. Once an agreement has been made, then the article will be placed on a future Town Meeting Warrant for consideration. The Finance Committee recommended the dismisal. The Moderator asked for a voice vote on the motion to dismiss, motion carried, unanimously.

UNDER ARTICLE 9 The Moderator read the article and a discussion took place. Town Manager Bernard Lynch explained that the Town did vote a balanced budget at the time of the Annual Town Meeting. However,in July after the fiscal year had already begun, the Commonwealth of Massachusetts took away 1.2 million dollars of anticipated funding. This immediately threw the Town's budget out of balance. This has prevented certifying a tax rate and the Town had to go back into the budget and find ways to make it balance. The only way to make it balance is to cut or get more revenue. Difficult decisions had been made. He tried to

spread the reduction around so that not just one department was cut. Also to avoid citizens feeling that scare tactics were being used to prove a point that money wasn't available. The figures that appear are the result of the effort made. He asked for support of this article so that the 1990 budget can be balanced in order to be able to move on and start working on the 1991 budget and hopefully eliminate some of the difficult decisions in the future. The Finance Committee supported the article. These are the figures needed to balance the budget. Richard DeFreitas precinct 2, moved that line item 107 in article 8 be discussed and voted on separately. The Finance Commmittee was against the motion. They feel that the article should be voted on as presented. There was no need to have any separate discussion or vote. The Moderator asked for a voice vote, motion defeated. James DeProfio precinct 2, expressed that the School Department can not afford to take any further cuts in the future and that this should be the final cut. A question was raised concerning if the Departments had a choice on where the cuts are to be made. Mr Lynch said that they did. Richard DeFreitas precinct 2, expressed that he felt unnecessary cuts were being made in the teaching personnel and not cutting back any administrative personnel. Barbara Ward Chairman of the School Committee explained that the administrative has in fact been cut. The Committee did consider all the personnel needed in order to maintain a school system. Samuel Poulten, School Committee member, stated that the budget is voted on at open sessions of the School Committee Meetings. People are allowed at that time to express where and what exactly should be cut. The School Committee has to come up with a bottom line figure which is the figure needed to run the department. The figure shown is what will be minus from the bottom line figure. If voted then the Committee will decide further on where exactly the cuts will be made. Cheryl Boss explained that the State of Massachusetts has a law which allows only the five members of the School Committee to decide where the cuts are to be made, regardless on where the Town Meeting Body wants them made. The School Committee depends on the professional people that they hire to assist them with this process. William Dalton precinct 8, asked where the $50,000.00 cut is going to be made in the Fire Department budget? If the contractual agreements are involved, how are they going to be addressed? Mr Lynch said he would try to explain without getting into the specifics of bargaining. It was the Board's intention to try and cut back on overtime and that would involve the sporatic closing of the West Fire Station. Mr Dalton asked if the Board intended to violate the contract? It was not intended, Mr Lynch stated. After the Special Mr Lynch wants to sit down and discuss the facts. Mr Dalton felt it should have been discussed prior. Mr Lynch said that they couldn't because they didn't have any definite cuts in the budget. Once its done they will sit down and try to work those things out. The Board wants to avoid layoffs and go for just technical things. Mr Dalton asked if the Town was looking for new revenue then why was the Town classified the way it was. Selectman Brad Emerson replied that it dosen't matter what vote the Board of Selectmen take on the tax classification, whatever ratio is determined a vote is not going to bring in any new revenue, it just puts the source in different catagories. Mr Dalton felt that the Town should classify the businesses higher like some of the surrounding cities/and towns. There wouldn't be any need for an override. The businesses would be paying for the services provided to them by the Town. Scott McCaig precinct 1, wanted to delete Line Item 16 Elections, from the article. He felt it was important for the voters to vote at the polls. If any more money is cut then the voters won't have the opportunity to do so. The Finance Comittee was against the motion. The Moderator asked for a voice vote on the motion, motion defeated. Susan Olsen precinct 2, asked a question concerning the Traffic and Safety line item. She wanted the body to be made aware of the projects being cut, and asked for an explanation to be given. Mr Lynch explained the $15,000.00 is the fee for the shared Regional Traffic Engineer thru NMAC. The $45,000.00 are

funds that were appropriated for on going projects that will simply be terminated at this time. The specific areas that will receive less attention right now are Chelmsford Center. Less money will be on hand for the intersections of Acton & Parker Road and Boston Road and Summer Street. On Boston Road and Summer Street, he hoped that the Town might get a private developer who is doing work in the area to make a contribution to implement the plans that the Town has prepared. At this time John Emerson precinct 3, moved the question to stop debate. A point of order was made that speaker was trying to be heard prior to the motion, but the Chair did not recognize her. Mr Emerson withdrew his motion in order to allow the speaker the floor. Bonnie Foster precinct 2, questioned the closing of the West Fire Station and the safety issue on doing so. Mr Lynch explained that the goal he has for all stations is the minimum response time of three minutes. The reason the West is being considered is because it can be easily accessed from the North Fire Station, Center Station and some cases the South Station. Its the one with the minimum impact to the residents of that area. The time delay would not be 3 minutes to 10 minutes, but in the area of 3 minutes to 6 minutes. He's hoping to be able to work with the unions on the sporadic closing. She asked when would the closing be, is there a specific time? Mr Lynch said no specific time, that still has to be worked out. It will be based upon when a shift is not being filled then it would simply not be filled. John Emerson moved the question. The Moderator asked for a voice vote, motion carried, unanimously. The Moderator asked for a voice vote on the article, motion carried and reads as follows:

UNDER ARTICLE 10 Selectman Bonita Towle moved that the Town vote to transfer and appropriate the sum of $5,000.00 from the Insurance Sinking Trust to line item #20, Liability Insurance, in order to reimburse the Town of Chelmsford's insurance carrier for payments made within the deductible provisions of said policy.

The Finance Committee recommended the article. Motion carried, unanimously.

UNDER ARTICLE 11 Selectman Bonita Towle moved that the Town vote to reconsider Article 15 of the 1989 Annual Town Meeting by decreasing $20,036 from the Reserve Fund.

Town Manager Bernard Lynch explained the article. The Reserve Fund, is money put aside for "emergency" transfers that happen throughout the year. Unnecessary transfers will not take place. Dwight Haywood of the Finance Committee said that the Finance Committee supported the article. They must turn back money from their budget just like the other departments. The Moderator asked for a voice vote, motion carried, unanimously.

UNDER ARTICLE 12 Selectman Bonita Towle moved that the Town vote to transfer and appropriate from free cash in the Treasury the sum of $3,750. to Line Item 110 Cemetery Department Salary.

Town Manager Bernard Lynch explained that this is the monies needed for the Cemetery Union. The Union settled after the Town Meeting ended in the Spring. They received a 5% increase and agreed to cut back the work force by 25%, from four people to three. The Finance Committee supported the article. Motion carried, unanimously.

UNDER ARTICLE 13 The Moderator read the article and a discussion took place. Selectman Dennis Ready moved to amend the article by adding the following sentence to the end: "The member from each precinct shall not hold an elective office in the Town of Chelmsford other than Town Meeting Member." Selectman Ready explained that this would force the opportunity for new faces and fresh ideas and avoid the public feeling that the same people are on all committees. The Finance Committee supports the motion to amend. Richard DeFreitas precinct 2, spoke in favor of the motion to amend. Samuel Poulten stated the wording of his motion and wanted to add clarification of the wording of the article. The Moderator said that this couldn't be done because it dealt with the body of the main motion. William Keohane precinct 8, explained that he is presently an elected member of the Chelmsford Housing Authority, which is mandated by the State. He felt he should be able to be on the committee and he moved to amend the motion. By adding: to exempt elected members of the Chelmsford Housing Authority from being excluded from serving on this committee. William Spence precinct 1, expressed concern

about the motion to amend. As Constable, he too is an elected official and felt that he shouldn't be excluded from serving on a committee if he so desired. A Discussion took place. The Moderator asked for a voice vote on the motion to amend the motion to amend. Motion defeated. He then asked for a voice vote on the motion to amend (Ready's Motion), motion defeated. He asked for further discussion. Samuel Poulten of the School Committee moved to amend the main motion. He said that four members of the School Committee were in favor of this motion, it reads as follows: by adding after the wording Town Treasurer, the Superintendent of Schools or his/her designee. And to clarify the wording of head of a large department, head of a small department, president of a large union, president of a small union etc. The Finance Committee and the Board of Selectmen were in favor of the motion to amend. The Moderator asked for a voice vote which left the chair in doubt, he asked for a show of hands, motion carried. Susan Olsen precinct 2, moved to amend the motion as amended by adding a member of the Finance Committee. The Finance Committee was in favor of the motion. Selectman Ready was against it. He said it would defeat the purpose of the committee by having the same people on it. The Moderator asked for a voice vote on the motion to amend, motion defeated. Town Manager Bernard Lynch asked for support on the article. Harry Foster precinct 2 spoke against the article. Evelyn Thoren precinct 5, moved to delete the word implementation and word the sentence "charge to study and organize ways of increasing revenues to fund and supplement etc" The Finance Committee is in favor of the motion to amend. The Moderator asked for a voice vote, motion carried, unanimously. Selectmen Roger Blomgren spoke in favor of article as amended. Robert Sexton precinct 9, moved to table the article. He felt that provisions are not stated on how the Town Meeting members are to be chosen. The Moderator explained that unless a date and time is established on when the article would be brought up again in effect the article would be defeated. He asked for a voice vote on the motion to table the article, which left the chair in doubt, he asked for a show of hands, motion defeated. More discussion took place. Selectmen Bonita Towle moved that the town vote to instruct the Board of Selectmen to form a committee charged to study and organize ways of increasing revenues to fund and supplement the town's 1991 budget, said committee to be known as the Fiscal Planning Advisory Board, and to be comprised of the Town Manager, the Town Accountant, the Town treasurer, the Superintendent of Schools or his/her designee, and a Head of a large department, a Head of a small department, a President of a large union, a President of a small union and one member from each

Scott McCaig precinct 1, moved to adjourn the meeting at this time. A speaker asked for a point of order. She wanted to reconsider an article at this time. The Moderator told her that because a motion was already made to adjourn, that had to be voted on first. If it is defeated then she can bring up whatever article she wishes. The Moderator asked for a voice vote on the motion to adjourn, motion carried. The meeting adjourned at 10:30 PM.
